The Good Cup™ with integrated paper lid

The Good Cup™ is an award winning, fully patented revolution in cup design. Featuring an innovative extension to the structure of the cup, The Good Cup™ has an integrated paper lid that folds and locks into place, eliminating the requirement for a separate lid and allowing for easier, more responsible disposal.

Easy and fast to fold

Built in spout for hot drinks

The Good Cup:

- Certified EN 13432 compostable
- Built in spout for hot drinks
- Fold down flap to insert straw
- Available in 4oz, 8oz, 12oz, 16oz and 22oz
- Reduces the number of substrates to allow for easier, more responsible disposal
- Integrated lid design reduces number of products on site and offers space saving

Secure locking and spill-proof

Notpla coated food trays and boxes

These trays and boxes are lined with Notpla Coating, a special lining made from seaweed that replaces the usual plastic coating on foodservice products. EN13432 certified, Notpla coated trays and boxes are compostable in commercial composting facilities, breaking down into reusable compost in 12 weeks. Unlike other bioplastics, Notpla Coating also degrades in less than 6 weeks in a home composting environment.

Notpla 10" pizza tray

Case: 350
Code: G07861

Notpla Coating:

- A special lining made from seaweed
- Naturally renewable resource
- Grows fast, is globally abundant and readily available
- Does not compete with food crops for land, or require fresh water or fertiliser to grow
- EN13432 certified compostable and home compostable

Boxes and trays:

- Boxes manufactured in the UK
- Saves over 250kg carbon-dioxide and 3000L per tonne of cartonboard when compared to conventional fresh-fibre alternatives*
- EN13432 certified compostable
- Fully recyclable (food contamination dependant)

kp Infinity® Plus

kp Infinity® Plus is a deeper range of single use EPP (expanded polypropylene) food packaging that allows for larger meals such as fish and chips, and kebabs to be comfortably served and eaten on-the-go. Fully recyclable, kp Infinity® Plus is not affected by single-use plastic bans and is fully recyclable. Durable and lightweight compared to Bagasse, kp Infinity® Plus also keeps food piping hot and is microwave safe.

kp Infinity® Plus:

- Fully recyclable mono material
- Lightweight compared to Bagasse
- Uses less water and energy to manufacture compared with board and Bagasse alternatives
- Versatile, stackable, lightweight and durable
- Resistant to fats and oils

Product details:

Product	Size	Case
kp Infinity Plus IP1	320 x 157 x 68mm	150
kp Infinity Plus IP2	192 x 157 x 72mm	150
kp Infinity Plus IP3	248 x 157 x 66mm	150
kp Infinity Plus HP6	156 x 150 x 80mm	150

RECYCLE
ME

Stagione® Light containers

Available in a 500ml and 750ml rectangular format, and a 1000ml square format, Stagione® Light recyclable PE coated containers are manufactured from a single piece of paperboard, which means that customers can maximise available print area across the whole pack, including the base. The Stagione® Light range has been developed to display cold dishes in chiller cabinets. The containers have a grease resistant barrier and webbed design, meaning they are leakproof and therefore effective when packaging dressed salads. They can also be used to serve instant eat hot food.

Stagione® Light:

- Provide a lighter weight product offering compared to the original Stagione® range
- Made from a single piece of paperboard, allowing for all over printing
- Roll top design
- Leakproof
- Delivered nested
- One lid fits both the 500 and 750ml pots

Product details:

Size	Dimensions (L x W x H)	Case
500ml	171 / 132.5 x 118 / 84.5 x 40mm	300
750ml	171 / 128 x 118 / 79 x 57mm	300
1000ml	166.5 / 125 x 166.5 / 125 x 55mm	300

The lids that fit the original Stagione® range also fit the new Stagione® Light range. These include rPET lids with anti-mist coating for clarity in chilled cabinets, and PE coated paperboard lids for heat retention and ventilation.

Sustain paper cutlery

This responsibly sourced paper cutlery range from exclusive brand range Sustain, has a smooth appearance and pleasant mouth sensation, delivering a strong performance with both hot and cold food.

Sweetbird® ultimate festive syrups

Experience the magic of the holidays with these Sweetbird ultimate festive syrups in gingerbread, hazelnut and mince pie flavours. Use these versatile syrups to create festive flavoured coffees or add an extra depth to hot chocolates, mochas or frappés. The range has been created using a select number of ingredients, free from artificial colours and GMOs. All are approved by The Vegan Society to be used with dairy alternative milks for vegan friendly options. Other flavours and sugar-free options are also available.

Sweetbird GINGERBREAD Syrup

Biscuity tones are mixed with ginger to create delicious flavour with a pleasingly fiery aftertaste.

Sweetbird HAZELNUT Syrup

The sweet taste and nutty aroma of hazelnut are infused to create a syrup for coffee and chocolate.

Sweetbird MINCE PIE Syrup

The fruit and spice flavours of this traditional British Christmas treat transport you to a winter wonderland.

Approved by The Vegan Society

Sweetbird® syrups:

- Free from artificial colours, flavours* and preservatives†
- Free from GMOs
- Made in Bristol, UK
- Approved by The Vegan Society
- Sugar-free versions available in key flavours
- Just two pumps needed to add flavours to hundreds of hot and cold drinks

* Excluding Gingerbread

† Excluding Hazelnut
