

RETURN TO RECYCLE

by Wrapmaster®

GET A VOUCHER FOR A FREE WRAPMASTER® DISPENSER*

Wrapmaster® has launched a Return to Recycle programme in partnership with SUEZ recycling and recovery UK. This initiative ensures that dispensers are reliably recycled at the end of their lifecycle, helping to reduce environmental impact. Although Wrapmaster® dispensers are built to last, the new Return to Recycle scheme enables chefs and operators to responsibly recycle both Wrapmaster® and other brand dispensers into new products.*
